### **BBQG President's Message – June, 2014**

#### **VALIDATING OTHERS.....**

It has been on my mind that we need to take the time to validate and compliment others. It's such a simple thing, really. We actually think it all the time.

"She looks great in that dress."

"That color makes her eyes sparkle."

"He's been working out and looks so healthy."

"He spoke so kindly to that small child."

"She handled that situation with such grace."

"He nailed that presentation."

"She's always the first one to work every day."

"Her quilt is amazing and has beautiful colors."

"What an awesome talent he/she has to make such a creation."

I think these thoughts all the time, but find I have to be diligent in actually speaking the words to the teller, the waiter, my loved ones, my co-workers, my guild members, my quilting friends, and my customers. Thinking them is nice, but speaking them magnifies their power, elevates the person's day and sense of value, and usually gets them doing more of the same to others as they move on through their day.

It's simple. It's free. And everyone benefits from it.

This week, find as many reasons as you possibly can to compliment, acknowledge, and uplift everyone and anyone you come in contact with including your children, your co-workers, people you meet as you do business in your community, and certainly your fellow quilting friends and guild members. Give the blessing of validating others.

## Buzz from Bees

**Quilt 'N Peace** bee members turned in 19 care quilts to the BBQG meeting in May. Most of the fabric was donated by various individuals, and Connie H. did all the machine quilting. The Bee now has 27 members and spent last week making a personal organizer for quilting tools. Plans are to eventually have several groups working on one project so that there will be teaching or learning opportunities for different quilting skills. Soldier squares are on the schedule for next month.

## Minutes for May BBQG Meeting

Tuesday, May 13, 2014  
 Location: Brazos Center

**Susan Kelly** called the meeting to order on May 13, 2014 at 7:09. It was announced that we would be reordering the meeting tonight by having the business meeting first and the program second.

**Pat Patterson** was called forward to announce the scholarship winners. He was subbing for Ettie. He announced that **Hannah Moore from Consolidated High School** was the first winner of the \$1,000.00 scholarship. She will be presented with a certificate and a quilt on May 21st. A letter was read from Hannah thanking the guild for it's generosity. The second winner was present at the meeting and introduced. His name is **Connor Armstrong** and he is being home schooled.

A short biography was read about Connor. He is an Eagle Scout and plays basketball on the Home Schooler's team. He was also the captain of the Home Schooler's football team. He plans to major in Architecture and his brother stated that he is the only person he knows who killed two deer in one day--one with a rifle and one with his truck. His mother, Pat Armstrong, and his brother, Harrison, were both present to see Connor accept his certificate and quilt.

Connor thanked everyone and said he might try and learn how to quilt in the next few years. Each recipient will have \$500.00 of their tuition paid in the Fall (14) and Spring (15). Both recipients will be attending Texas A&M.

The minutes were accepted as published by motion made by Linda Bridges and seconded by Lynn Thurston.

**Kathy Davis** gave the membership report citing 68 members present. **Cathleen Auld, Jan Madeley, Rosemary Sims** and **Kerry Fisher** were introduced as visitors.

**Charlotte Simpson** introduced the new block, Union Hall. Seven blocks had been returned and Debbie Ginn won them. Charlotte also told us about her 100-year-old mother's birthday party.

Door prizes were hard to give away tonight. A total of 8 people had their names called, but only **Sue Idol, Sue Ryan, Gloria Krenshaw** and **Carol Willson** had their nametags. Suggestions were made to keep nametags in the car.

Happy birthday to **Mary Ellen Bell, Olivia Canales, Marijane Deen, Flo Friend, Alice Luttbeg, Gloria Naiser, Anne Perry, Mary Ratke, Norma Reel, Connie Silber, Dana Sudduth,** and **Teri Walker**. Each birthday girl who was present received a sweet package of chocolate in celebration.

**Nadine Stuth** passed out flyers for the **2014 Challenge Quilt**. It is entitled **Quilt on the Wild Side**. Each quilt must be **approximately 40" by 40" - 60"**. The flyer states that WILD can be "fabric, patterns, ideas, theme, hares, colors..... Questions???? Contact Nadine Stuth 693-1874 or nadinestuth@hotmail.com

**Chris Deppe** has reorganized the website and added buttons for all the wonderful pictures she has uploaded. She thought it would go live on the 14th of May. Please share your photos with her, but please be sure to include your name.

**Carol Willson** is working hard with Consolidated Middle School to support their quilting project. In addition to the supplies that she asked to be donated to the program, she is requesting help in the classrooms with the students as they make their quilts. If you would like to help, please contact Carol Willson.

Summer retreat is right around the corner. It is full with three people on the waiting list.

**Marian Dierschke** has brought Soldier Squares kits if anyone would like them.

**Susan Kelly** went over upcoming programs. Tomorrow's workshop had to be canceled due to poor enrollment. She asked members to think about whether we need to change the workshops to another day as so many members are working. On June 10th we will be having a meeting that evening (after all day Care Quilt workshop). Our speaker will be someone from the Quilt for Valor program. Pat Patterson showed us a quilt of Valor that he made from blocks given to him by Lone Star Quilt Works [see next page].

**NEW BUSINESS:**

**Ann Bay** shared information about Appliqué Away on Galveston Bay.

Susan introduced our speaker for the evening, **Marcie Wendrock**. She spoke on Civil War Quilting. Included in her presentation were the various types of processes used for dyeing fabric. She provided information on dating quilts by the colors they were made with. After her presentation, she provided a trunk show with a multitude of examples of old and new quilts.

The meeting ended with Show and Tell.

I wanted to report what I was told about the temperature in the Brazos Center. I know many of you went out to speak with the employees about how cold it was. I was told that the people who staff the center at night do not have the code needed to control the AC. Hence, we are at the mercy of someone who is not there. Bottom line, you might consider bringing something warm to wear "just in case".

Respectfully submitted by **Maggie McGuire**, Sec.

**Quilt Education Activity**

For the past two weeks, members and volunteers have been helping with the eighth grade math classes' quilt project at AMCMS in College Station.

All students had a pattern and instructions to follow and worked in groups of four. They took turns with measuring, cutting, sewing and pressing. A little practice and staying on task (though not easy) showed results when the 4-patch blocks came together. One student in each group will get to keep the quilt. At this writing, most are putting the layers together and are thrilled with the finished product!

Big 'thank yous' go out to **Sherrill J., Carolyn S. Linda B., Debbie G., Jayne G., Pat P., and Charles G.** We appreciate the time they gave to assist the students.

Also, thanks to **Norene R., Arlene G., Vanessa M., and Eileen B., and the teachers, Ms. Sofka, Ms. White and Ms. Pruitt** for helping in the classrooms, too.

I think the teachers learned some of the skills needed for this project. With six different classes taking part in the activity, they were very thankful to have experienced quilters to rely on. Most classes were very productive; maybe we even cultivated the 'quilting bug' in a student or two. We hope to have photos included in next month's newsletter and on the website.

My thanks to all who helped the students be successful and proud of their work.
